

the investigation of his department. He has gained nothing from his cabinet position. Had he taken hold of matters at the start with a conservative enthusiasm which would have convinced every one that he intended to sift matters to the bottom he would have justified his reputation of the past and increased his hold with the Republican leaders. He was too anxious, however, to discredit any rumors of wrongdoing and has been forced to reverse himself on nearly everything he said some months ago. He will retire from the cabinet with less political prestige than he possessed when he entered it.

## CHINESE JOSS HOUSE BURNED

(Continued from Page 1.)

up the river to accord protection, and Minister Conger has applied to the Chinese foreign office to instruct local officials to protect foreigners.

The steamer Athenian, which reached port today from the Orient, brought news that the insurrection in Yunnan is causing grave alarm. Sir Robert Hart telegraphed to the Chinese government on June 22 regarding the Yunnan rebellion as no ordinary rising, as some of the reform leaders were known to be among the insurgents. The rebels have effected the capture of the rebel forces of Kwang Si, whereas in Yunnan the increase of famine is swelling the rebel ranks.

## Big Insurgent Army.

A Pekin dispatch of June 4 says the Yunnan insurgents number over 50,000. They are well trained and armed with weapons of improved pattern. So far the government forces have fared badly in encounters with the insurgents. A dispatch from Canton says an American railway expert has been maltreated at the hands of the rebels. A Tien Tsin dispatch of May 28 tells of the occupation of Shanghai by the insurgents. On that date, details have not been received yet of the capture of Linanau by the rebels, but from refugees who came from that place it has been learned that a church belonging to French missionaries was destroyed and the missionaries fled to Yunnanau for safety. Some of the priests were captured and murdered by the rebels while on the way. One report says that the majority of the Yunnan rebels are miners from the copper mines near Kunming, who rose to join the officials, but who are independent of the Kwang Si rebels. The French consul at Mengtze wires to this effect, and says that the rising, which had no connection with that in Kwang Si, is at an end, but later telegrams tell of the capture of several towns and of burning, murder and looting by the rebels.

**Temple Burned.**

Correspondents of Shanghai papers at Pinglu tell of the burning of a temple there—a disaster involving the loss of 150 lives. A large throng gathered to worship and burned paper and incense by the wholesale. This resulted in the temple taking fire near the stairs, cutting off the escape of the people. Many jumped from windows and were killed, others were crushed to death by the crowds. Most of the victims were burned beyond recognition.

The Nippon Yusen Kaisha has purchased the steamer Nippon Maru from the American and European service. A German company attempted to buy this line a short time ago, but failed.

## FENCES MUST COME DOWN.

**Cattlemen Will Have to Let Loose of Oregon Land.**

Portland, Ore., June 21.—Edward Dixon, a special agent of the Interior department, is now in eastern Oregon, warning cattlemen and others who have fenced in government lands to clear down the obstructions. Those who fail to obey Mr. Dixon's orders will be prosecuted, both civil and criminal proceedings being instituted.

The instructions given by Mr. Dixon are explicit. He is instructed to remain on the ground and personally superintend the work of cattlemen in destroying the fences that have been built upon the public domain. In the event any one refuses to obey his instructions he is instructed to notify the district attorney's office and once a day the measures will be taken to enforce the law. Over 500,000 acres of government land will be thrown open to entry by this action of federal officials in Grant, Sherman, Lake, Malheur, Crook and Harney counties. In many instances cattlemen have fenced in entire townships and are using them as their private ranges.

## WARRANT FOR HUSBAND.

**Suspicious Circumstances Attending Mrs. Henning's Death.**

Chattanooga, Tenn., June 21.—U. M. Hallett, a highly respected citizen, has had a warrant taken out for the arrest of Walter W. Henning, charging him with the murder of Mrs. Henning. Henning married Mrs. Hallett's daughter at Soddy, Tenn., on April 19 last. Shortly afterwards Henning departed ostensibly for the west. Hallett received a letter from Henning dated from a point in California informing him that Mrs. Henning had died suddenly. Hallett notified the police, with the result that a few days ago the body of Mrs. Henning was found to have been buried here. An autopsy was held and it was stated by the examining physician that the woman had been killed by a criminal operation.

Henning was last heard from at Los Angeles. The sheriff says he has wired the Los Angeles authorities to arrest him.

## OMAHA IS READY.

**Editorial Association Will Meet There in July.**

Omaha, Neb., June 21.—The local committee which has in charge the arrangements for the editorial association meeting in Omaha July 7, announces the completion of its programme. About a thousand delegates will be present, for whom a royal entertainment has been prepared. On the afternoon of the last day a special train of four cars will leave for a two weeks' trip through Yellowstone park and two other trains will carry delegates and their wives for a six days' trip through the Black Hills.

Marc G. Perkins, who is chairman of the local committee, states that delegations from New England to the Pacific coast have announced their intention to be present. The sessions will last from July 7 to 11.

## Of Interest to Settlers.

Sixty thousand acres of land will be thrown open for settlement July 1 below Twin Falls, Idaho, on the Snake river, under the Carey act. For the benefit of settlers desiring to file on land the Oregon Short Line will sell tickets to Shoshone, Ida., June 24 and 27 at half rates, good returning for ten days.

See Short Line agents for particulars.

## STRIKE OFF AT LOWELL

Vote Was Unanimous at Meeting of Textile Council.

## MEN HAD NO SHOW TO WIN

LOSS IN WAGES AMOUNTED TO ABOUT \$1,300,000.

Lowell, Mass., June 21.—The textile council of the Lowell mills has ended its strike in the Lowell mills and an end. Every union affiliated with the council was represented and the vote was unanimous. Most spinner and loom fixers were included in this vote, despite statements that they would oppose a return to work. President Conroy later said:

"We were victorious at the altar of defeat, but later we shall rise again and conquer."

William H. Southworth, secretary of the textile council, said it would be impossible to start the remainder of the machinery so as to employ at once all who will come back, and added:

"It is for the sake of the agents and the treasurers to decide in view of the market whether we shall attempt to run in full."

The strike began on March 29 and involved about 17,000 operatives. The mills were shut down until June 1, when the agents opened the gates and the majority of the operatives went back to work.

The strike has cost in wages about \$1,300,000.

The high price of cotton precluded any possibility of the strikers for a 10 per cent increase.

## JEWISH CONVENTION.

Resolution Adopted on the Question of Divorces.

New York, June 21.—The third convention of the Union of Orthodox Jewish Congregations of the United States and Canada was held today in the first Rumanian synagogue. The Rev. Dr. H. Herrera Mendez, president of the Union, presided. Reports on the work of the central conference of American rabbis in New Orleans last summer, at which time they advocated the observance by the Jews of a Sunday Sabbath, the presentation of a resolution condemning the suggestion, saying it "views with deep regret that men calling themselves Jews should advocate such a plan."

In a paper by David W. Amarath of Philadelphia on the "Law of the State and Jewish Law," the writer deplored the fact that the rabbis do not seem to understand that they should not grant rabbinical divorces until those applying had first secured a civil divorce. A resolution was adopted in conformity with the suggestions in Mr. Amarath's paper and further that no Jew minister should officiate at the marriage of a divorced person, unless he had first secured a civil divorce and a rabbinical "get."

The election of officers resulted as follows:

President—Rev. Dr. Herrera Mendez.

Treasurer—Jacob Hecht, New York City.

Secretary—Isidor Hirschfeld, J. Buchalter and Albert Lucas of New York City.

## MORTALITY IN CUBA.

Tuberculosis Worse Than the Old-time Yellow Jack.

Washington, June 21.—A copy of the monthly report of the health officer of Cuba, which has been received at the Cuban legation here, contains the following:

"The showing for 1902 and the beginning of 1903 is very satisfactory, not only in regard to the complete exemption from yellow fever and smallpox, but also in the number of deaths from malaria in the total mortality. There has been no smallpox on the island since June, 1900, nor yellow fever since September, 1900, and the progress in the decrease in malaria has continued without interruption. The condition regarding tuberculosis, however, is not so satisfactory."

"There has been an increase of 5 to 6 per cent in deaths from that disease in each of the years 1901 and 1902, and at the present time the proportion of death from this cause to the general mortality amount to over 15 per cent. The board of health is making efforts to test the efficiency of sanitary measures in that direction."

## LYNCHERS DRIVEN BACK.

Delaware Mobs Failed to Get Hold of Negro Murderer.

Wilmington, Del., June 21.—Two small-sized mobs made ineffectual attempts after midnight to get George White, the negro charged with assaulting and killing Helen Bishop, the 17-year-old daughter of Rev. E. A. Bishop, from the Marshalltown workhouse, but were driven off by the local police and guards, who had anticipated the attacks. Members of the mobs fired their revolvers into the air, but no one was hurt. There has been talk of lynching ever since the girl died. Her family is doing all possible to prevent violence, advising the citizens to let the law take its course.

Ogden, Monday, June 22.

## FELL ON A JACK-KNIFE

Cut-off Workman Celebrates and Is Seriously Injured by Accident.

James Crawford, a recent arrival from the cut-off, was injured today. He had a sharp knife in his pocket with the blade half way open. As he fell down the blade ran through his right leg, cutting off the lower part of the leg. Crawford was taken to the police station and Dr. Barton attended to his wounds, which were found to be quite serious, but because Crawford had lost a great deal of blood and because there is danger of blood poisoning on account of the condition of the knife blade.

## RUNAWAY IN CANYON.

Alex Brewer's Team Fright and Scatters Family.

The family of Alex Brewer, including himself, wife and five children, had a narrow escape from annihilation yesterday afternoon in Ogden canyon. The family was driving down the canyon, being some distance east of the Hermitage. Mr. and Mrs. Brewer were on the front seat, the wife having a little baby in her arms. Four other children were sitting behind. A sudden gust of wind fluttered a big piece of paper directly in front of the spirited team, which gave a tremendous bound, throwing the front seat with Mr. and Mrs. Brewer and the baby completely out of the buggy. They then ran madly down the canyon, the four other children being still in the vehicle. After running about a half mile the wagon struck a telephone pole and the children were thrown out. None of the party was seriously hurt, although Mr. Brewer was badly bruised and received a shaking up that will prevent his being about for some time. Every member of the party was scratched and bruised, but none of them so much so as Mr. Brewer.

## ELLIOTT MAY DIE.

Negro's Injuries May Result in His Death.

There is a prospect that Emmett Wilson will have to stand trial for murder. Wilson is a negro who was followed by Walker and brought back by Officer Barlow Wilson. His crime consisted of assaulting and holding up another negro named Robert Elliott. Elliott took a sudden turn for the worse last night and the physician says that his condition is critical. The police have a clear case against Wilson and have under lock and key another negro who witnessed the whole affair.

## INSTITUTE NEW LODGE.

Knights of Columbus Organized in Junction City.

A lodge of the Knights of Columbus, a Catholic social order, was instituted last night in Ogden at Knights of Pythias hall and will bear the name of Cushman council No. 77. There were present about fifty members from Salt Lake to aid in the institution, besides a number of prominent members of the order from the east. These included:

## Burglars at Work.

A daring hold-up and attempt at safe-blowing occurred last night about 11 o'clock in the office of Kilpatrick Bros. & Collins down by the big war tank in the vicinity of the Weber river bridge. The office was in charge of Henry Baker. Four men with masks on their faces, each one having a gun, entered the office, made Baker throw up his hands, rifled his pockets and tried to get him to open the safe, but he did not have the combination. The men had a number of tools, sledgehammers and the like, which they had gathered up from the tool yard of the construction company. They took Baker, strung him up by the wrists to the bed post, meanwhile making preparations to blow up the safe. Baker, however, assured them that there was money in the safe, but books and papers which would be of no value to them. He finally convinced them of the truth of this and they left without attempting to get at the contents. Baker gave a pretty good description of the men and the police are on the lookout endeavoring to capture them.

## Burial of Miss Barton.

The body of Miss May Barton, who died Friday in Chicago, will arrive in Ogden Wednesday afternoon at 5:40, accompanied by her brother Clarence. The remains will be taken on to Kaysville to be buried beside those of her deceased mother. C. H. Barton of Ogden will go up with the train and meet the remains over in Wyoming.

## Bad Place to Sleep.

Al Kearnes, while somewhat under the influence of liquor, wandered into the stable of F. J. Kiesel last evening looking for a place to sleep. He put his hand on one of the horses and the animal kicked him, cutting a bad gash in his leg.

## Woodmen's Excursion.

The Woodmen of the World excursion yesterday was the first large excursion on Ogden canyon this season. About 800 came up on the Woodmen's special train. Several hundred of them went up to the Hermitage, where they were entertained during the day, returning on special trains last night.

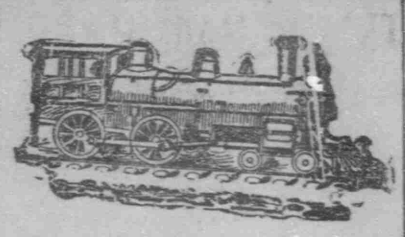

## Ogden Briefs.
